| <b>Connection box socket:</b> | Optional according to the operating system |
| <b>Connector to handset:</b>  | Optional                                   |
| <b>Colour:</b>                | Black / Grey                               |
| <b>Max IP grade:</b>          | IPX4                                       |
| <b>Operating temperature:</b> | +5° to +40°                                |
| <b>Reserve temperature:</b>   | -10° to +50°                               |
| <b>Operating humidity:</b>    | 20% to 80%, non-condensing                 |
| <b>Atmospheric pressure:</b>  | 860 to 1060hPa                             |
| <b>Altitude:</b>              | Max. 2000m                                 |

## Dimension Drawing

## Ordering Key

Take **JCP35C5G** for example

|        |               |                      |
|--------|---------------|----------------------|
| Model  | <b>JCP35C</b> |                      |
| Socket | <b>5</b>      | 5 = 2 to 5 sockets   |
| Color  | <b>G</b>      | G = Gray / B = Black |

## Conditions of use

Users must determine the applicability of Jiecang products under specific conditions. Jiecang is committed to providing accurate and up-to-date product information. However, due to the continuous improvement of products, Jiecang's products may change frequently without prior notice. Therefore, Jiecang cannot guarantee the correctness and authenticity of the product information. Although Jiecang will do its best to meet the requirements of the order, for the above reasons, Jiecang cannot guarantee the deliverables of any specific product. Therefore, Jiecang reserves the right to stop selling any of the products listed on the website or product catalog or other written materials of Jiecang. All sales activities must be carried out in accordance with the requirements of Jiecang sales and delivery standard terms. Please contact Jiecang if you want to the copies of relevant documents.

### **Strictly abiding by medical safety certifications**

Passed EMC tests. To ensure our products pass all kinds of tests domestic or abroad.

### **Communication protocol development**

Aiming at different applications, develop more extensive functions for control system.

### **Professional customization**

Powerful R&D strength, fully satisfy customers' needs. Development cycle is about 10 days, seizing more market opportunities

### **Intelligent Control of Bluetooth**

Mobile phone as the remote, applying in home care. Market pioneer, Jiecang provides better choices

### **Wireless Communication**

Controllers adopt high-frequency wireless system. It can avoid interference mixing with signal receivers, assisting in remote control over medical equipment.

### **Latest Weighing System**

Designed for physiotherapy beds and medical care beds. Cantilever carrying weighing sensor, it is applicable to different bedsteads dispensing with any adjustment

Notes for mounting and usage can be found in the corresponding mounting manual
